XYBERIUS ENTERPRISE

INNOVATION MEETS POSSIBILITY

XYBERIUS ENTERPRISES (PRIVATE LIMITED)

COMPANY NAME: Xyberius Enterprises

REGISTERED OFFICE:

The registered office of the company shall be situated in Zimbabwe.

OPERATING PROCEDURES:

The standard operating procedures by which the company is to operate are as follows:

I. Research, Development, and Implementation of Next-Generation Technology:

Xyberius Enterprises primarily operates in the research, development, and implementation of next-generation technology in diverse sectors of the global economy.

II. Manufacturing and Designing of Modern-Day Electronic Devices:

The company aims to establish and carry on business as manufacturers and designers of modern-day electronic devices, which may include supercomputers, mobile phones, drones, satellite technology, and more.

III. Exploration and Research in Advanced Technologies:

Xyberius Enterprises focuses on exploring and researching advanced technologies such as Artificial Intelligence, Quantum Computation, Big Data, Space Research and Equipment Development, Energy and Power Research, Medical Equipment and Drugs Development, and Advanced Manufacturing and Supply Chain Development.

IV. E-Waste Recycling:

The company also operates as a recycling firm specializing in the recycling of e-waste, including microcomputers, television sets, cell phones, microwaves, lithium-ion batteries, and other modern-day electrical equipment and metals.

V. Knowledge and Wisdom Houses:

Xyberius Enterprises engages in business as knowledge and wisdom houses, serving as aid, consultation, or rehabilitation hubs for paranormal phenomena (extraterrestrial encounters, ghost hauntings, spiritual exorcism, unexplained supernatural occurrences), psychological therapy centers, and providing knowledge about the universe, divine self, and leading theories about the essence of life.

VI. Investment Company:

The company operates as an investment firm, with shares and investments in various business spheres in Zimbabwe or any other part of the world.

VII. Cartage and Haulage Contractors:

Xyberius Enterprises conducts business as cartage and haulage contractors, owning properties and chartering road vehicles for the transportation of goods and passengers.

VIII. Importers, Distributors, and Retailers:

The company operates as importers, distributors, retailers, and dealers of goods, including motor vehicles, spare parts, food, beverages, clothing items, footwear items, chemicals, stationery, computers/furniture items, electrical and electronic items, medical accessories, and general commodities of any description.

IX. Computer Hardware and Software:

Xyberius Enterprises engages in importing, exporting, and distributing computer hardware and software. The company also establishes training institutions, colleges, and schools specializing in commercial, academic, and technical subjects, including training schools.

X. General, Auto, and Mechanical Engineering:

The company carries on the business as general, auto, and mechanical engineers, specializing in the design of heavy and light goods, structures, or accessories for industrial, commercial, or farming purposes.

XI. Machinery and Equipment:

Xyberius Enterprises establishes and carries on the business as assemblers, manufacturers, distributors, repairers, maintenance contractors, installation contractors, and dealers in all types of machinery, motor vehicles, electrical equipment, industrial plant equipment, and accessories of any description.

XII. Specialized Passenger Transport: The company operates as transporters and operators of specialized passenger transport vehicles, including urban commuter omni-buses, metered taxis, emergency taxis, and other forms of transport.

XIII. Mining and Mineral Exploration: Xyberius Enterprises engages in the business as proprietors of mines, mineral deposits, quarries, or open pit mines. The company focuses on prospecting, mining, mineral exploration, marketing, and the mining of semi-precious and precious stones and metals of any description.

XIV. Tour and Safari Services: The company establishes and carries on the business as tour and safari guides, travel agents, promoters of tourism, operators of safari and game park lodgements, and transporters. Xyberius Enterprises offers services related to tours and safaris in Zimbabwe or any other parts of the world.

XV. General Merchants and Marketing Agents: Xyberius Enterprises conducts the business of general merchants, marketing agents, communication representatives, public relations, advertising, promotion, projects development, and manufacturers, dealers, sellers, packers, distributors, wholesalers, and suppliers of goods, wares, materials, raw materials, merchandise, finished and unfinished goods, and any marketable commodities of every description and nature.

XVI. Farming and Livestock: The company engages in farming activities such as market gardening, tree planting, fruit growing, and grazing. Xyberius Enterprises also acts as importers, breeders, and dealers in cattle, sheep, pigs, poultry, and other kinds of livestock. Additionally, the company participates in maize, tobacco, and cotton growing and deals in all farm products. It operates trading stores, service stations, bottle stores, or retail merchants.

XVII. Real Estate and Property: Xyberius Enterprises operates as landowners, financiers, investors, quarry owners, brickmakers, cartage contractors, passenger transport operators, warehousemen, electrical and mechanical engineers, importers, exporters, grocers, greengrocers, butchers, storekeepers, builders, contractors, shippers, buyers, real estate agents, commission agents, manufacturers' representatives, general dealers, auctioneers, brokers, travel and ticket agents, and holiday inclusive tour operators.

XVIII. Fuel Stations: The company engages in the business of paraffin, petrol, and diesel filling stations for motor vehicles of all kinds and for any other use.

XIX. Capital Investment and Property Acquisition: Xyberius Enterprises may, by way of capital investment, purchase, lease, exchange, hire, or otherwise acquire any immovable property, including land, buildings, works, rights, privileges, options, or interests. The company may also construct, maintain, clean, repair, alter, improve, enlarge, demolish, or replace any buildings, factories, workshops, garages, houses, offices, barracks, compounds, structures, and premises. Additionally, the company can clear, drain, irrigate, lay out, cultivate, and prepare land for farming.

XX. Hospitality and Entertainment: The company carries on the business of hotels, flats, restaurants, cafes, taverns, beer houses, refreshment or rooms, and lodging housekeepers. Xyberius Enterprises acts as licensed victuallers, wine, beer, and spirits merchants, distillers, importers, and manufacturers of aerated waters, minerals, artificial waters, and other drinks. The company also serves as purveyors and caterers for public amusement, proprietors of clubs, baths, dressing rooms, laundries, grounds, places of amusement, and any other business conveniently carried on in connection therewith.

XXI. Diversified Business Opportunities: Xyberius Enterprises may engage, assist, or participate in any other businesses, whether financial, commercial, manufacturing, agency, farming, or otherwise, that enhance the value of the company's property or rights.

XXII. Acquisition of Movable Property: The company has the authority to purchase, lease, exchange, hire, or otherwise acquire any movable property, rights, options, or privileges that are necessary or convenient in relation to its objects or can be profitably dealt with in connection to the company's property or rights. This includes licenses, patents, machinery, stock, vehicles, plant, and stock in trade. The company may pay for the acquisition in cash, shares, debentures, securities, or exchange company shares for the aforementioned property, rights, or privileges.

XXIII. Acquisition of Businesses: Xyberius Enterprises may purchase or acquire, whether as a going concern or otherwise, the whole or any part of the business, goodwill, property, and liabilities of any person, firm, or company carrying on or proposing to carry on any business authorized for this company's purpose.

XXIV. Intellectual Property Protection: The company can apply for, purchase, or acquire patents, licenses, designs, concessions, trade secrets, and similar intellectual property rights. Xyberius Enterprises aims to protect, prolong, renew, and improve any exclusive or non-exclusive limited rights to use inventions or any secret or other information that can benefit the company. The company can utilize, exercise, develop, grant licenses, and turn to account the acquired property, rights, and information.

XXV. Data Center Services: Xyberius Enterprises operates as a data center company, providing server system providers and maintenance, designing antennas and rectennas for a national server network, and offering data storage and security solutions.

XXVI. Xyberius Banking Division:

- Establish and operate a banking division offering comprehensive financial services, including corporate lending, investment banking, asset management, and trade finance.

XXVII. Xyberius Technology and Industry Schools:

- Establish technology and industry schools to provide specialized education and training programs in areas such as engineering, information technology, manufacturing, and other relevant fields.

XXVIII. Xyberius Research and Development Centers:

- Set up research and development centers dedicated to advancing technological innovation and developing cutting-edge solutions across various industries.

XXIX. Xyberius International Business Schools:

- Collaborate with renowned international business schools to establish partnerships, sponsor scholarships, and promote academic excellence in business and management.

XXX. Xyberius Corporate Social Responsibility Foundation:

- Establish a foundation focused on corporate social responsibility initiatives, supporting education, healthcare, environmental conservation, and community development projects on a global scale.

With an expansive array of operating procedures and institutions, Xyberius Enterprises aims to become a multi-faceted, globally recognized conglomerate that excels in various sectors while prioritizing innovation, sustainability, talent development, and societal well-being.

MISSION

At Xyberius Enterprises, our mission is to redefine the boundaries of technological innovation and become a leading global player in the tech industry. We are committed to creating cutting-edge solutions that empower individuals, businesses, and societies to thrive in the digital era. Our primary goal is to leverage our diverse portfolio of expertise, resources, and strategic partnerships to develop groundbreaking technologies that revolutionize the way people live, work, and interact. By anticipating emerging trends and constantly challenging the status quo, we aim to shape the future of technology and drive positive change on a global scale.

Ultimately, our mission is to lead the global technology landscape by consistently delivering innovative solutions that transform industries, enhance human potential, and shape a brighter future for all. With determination, perseverance, and an unwavering commitment to excellence, Xyberius Enterprises is poised to make a lasting impact on the world.

VISION

Our vision is to become a global technology powerhouse, making a significant impact on the world, with a particular focus on Africa and Zimbabwe. We aspire to be the catalyst for technological transformation, driving sustainable development and empowering nations and businesses across the continent.

Ultimately, our vision is to be a global driving force in shaping a future where technology is leveraged to overcome barriers, unleash human potential, and create a more prosperous, inclusive, and sustainable world for generations to come.
